

Carmen Baker

My name is Carmen Lee Baker also known as Moma Carmen by many young people of our community of Pelly Crossing. I'm of the Crow Clan of the Selkirk people and Split tail beaver of my Dad's clan. My Parents Are Richard and Audrey Baker. I have six children of my own but many call me Mom. My partner of 20 yrs is Darren Johnnie. We love our children and want to raise them in a good home. I'm on my healing Journey for 9 years now. I decided to change my life and be free from Alcohol & Drugs. I currently work for the Selkirk First Nation in the Health & Social Department as a Wellness assistant. I enjoy this position. I have a great passion for our people and I have a big heart for all. I'm also the founder and Group leader of the Selkirk Spirit

Dancers. This group took a lot of hard work and now today we have 32 Dancers. I'm very Proud of our group as we take pride in our songs and dances. We show our songs and dances all around the world. I'm a leader in many ways in my life and know how it is to be apart of Chief and Council. I served one half term and one full term. Also, I was Deputy Chief so I do know what I'm choosing to journey into. I care about our people and our Land, water and Animals. I always look forward to a good challenge. I hope you will vote for me. I will do my best for All.
