

Capstone Mining Corp.

We are a Canadian base metals mining company, with three producing copper mines: Pinto Valley in the US, Cozamin in Mexico, and Minto in Canada. Capstone also has two development projects: Santo Domingo in Chile and Kutcho in Canada, as well as exploration properties in Chile and US.

As a Capstone Mining Corp. employee you will become part of a supportive, performance-driven and dynamic environment. You will be given the opportunity to expand your knowledge and skill set working alongside dedicated employees from a variety of backgrounds and cultures. We place the highest priority on employee safety, protecting the environment and enhancing the development of the communities where we operate.

By joining the Capstone team, you will become part of an inclusive and loyal team where you will be supported in your career growth through training, diverse opportunities and professional development.
